Summary

Insightful, pragmatic, and self-motivated professional who takes a genuine interest in delivering effective, efficient, and timely solutions. I operate with a strong sense of ownership, 'can do' attitude, and vision of what matters to make an organization successful.

Specialties: Amazon Web Services (AWS), Containers (Kubernetes), Machine Learning, MLops, Software Engineering

Experience

Senior Solutions Architect
OpsGuru, a Carbon60 Company
Nov 2021 - Present (1 year 2 months)
As a AWS consulting partner, we're helping customers to meet their business goals, by taking full advantage of Amazon Web Services as their Cloud Computing, and Big Data Analytics platform.

At OpsGuru I'm working with customers to define and implement modern end-to-end solutions on AWS. Specialty projects: Containers (Kubernetes), Machine Learning (MLops), Big Data & Security.

Solutions Architect
Onica by Rackspace Technology
Aug 2018 - Nov 2021 (3 years 4 months)
Led consulting projects and engineers, working with customers to define and implement modern end-to-end solutions on AWS. Specialty projects: Containers (Kubernetes), Machine Learning (MLops), Big Data & Security.

Technologies: Amazon Web Services, Kubernetes, Databricks, MLops, Terraform, Golang, Python & Bash, etc

Solutions Architect
TriNimbus, an Onica company
Sep 2017 - Aug 2018 (1 year)
Acquired by Onica
Specialty consulting projects: Containers (Kubernetes), Machine Learning, Big Data & Security.
Technologies: Amazon Web Services, Kubernetes, Databricks, MLops, Terraform, Golang, Python & Bash, etc

Software Engineer (Platform Development)
ZS | Medullan
Jan 2015 - Sep 2017 (2 years 9 months)
Led the architecture, implementation & deployment of Medullan's healthcare platform to AWS.

Designed & Implemented the necessary security controls to assist Medullan in achieving industry security compliance standards.

Developed & Architected scalable Front-end & Backend services for Medullan's healthcare platform.

Software Engineer (Consulting)

ZS | Medullan

Jun 2013 - Dec 2014 (1 year 7 months)

Designed & Developed Front-end, Backend and Mobile Solutions for large Health care industry clients.

Education

Georgia Institute of Technology

Master of Science - MS, Computer Science

2017 - Dec 2020

Concentration: Machine Learning, Computing Systems, Computational Perception & Robotics

University of Technology, Jamaica

Bachelor of Science - BS, Computer Science

2009 - 2013

Focus areas: Artificial Intelligence, Theory of Computation, Algorithms, Computer Architecture, Programming Languages, Operating Systems, Design of Experiments, etc

University of Technology, Jamaica

Associate of Science - AS, Computer Science
2009 - 2011

Cornwall College

High School

2004 - 2009

Licenses & Certifications

AWS Certified Solutions Architect - Amazon Web Services (AWS)

J1QVDMV2L1F1QRCR

Certified Kubernetes Administrator - Cloud Native Computing Foundation (CNCF)

CKA-1900-001454-0100

Skills

Machine Learning • Reinforcement Learning • Computer Vision • Algorithms • Cloud Computing • Agile Methodologies • Test Driven Development • Web Development • Software Development • Programming

Honors & Awards

Dean's Honor Roll - The University of Technology, Jamaica
2013

Dean's Honor Roll - The University of Technology, Jamaica
2012

The Odain Whittingham Aaward for Academic Excellence - Montego Bay
Community College
2011
